	Services in South Carolina)	OF
)	INTERVENTION

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of a request by Southern Bell Telephone and Telegraph Company (Southern Bell) to withdraw its intervention in the above-referenced matter.

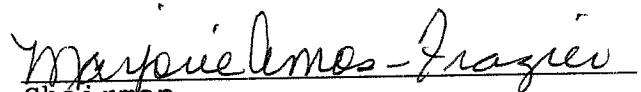

Amer-I-Net Services Corporation (Amer-I-Net) filed an Application for a Certificate of Public Convenience and Necessity with the Commission on January 18, 1991. This matter was duly noticed to the public and a Petition to Intervene was filed by Southern Bell. However, since the filing of the Petition to Intervene, Bell and Amer-I-Net have come to some agreements concerning this application. Therefore, Southern Bell requests to withdraw its intervention based on the agreement to the following stipulations:

1. That any grant of authority should clearly be for interLATA services only.
2. That if any intraLATA calls are inadvertently completed by the carrier, the carrier should reimburse the LEC pursuant to the Commission's Order in PSC Docket No. 86-187-C.

3. That all operator services should be only for interLATA calls and any "0+" or "0-" intraLATA calls should be handed off to the LEC.

After review of the Application and the documents filed in this matter, the Commission grants Southern Bell's request to withdraw its intervention.
